Notice of Fee Increase on October 1, 2003

If a reply to a "Notice of Allowance and Fee(s) Due" is filed in the Office on or after October 1, 2003, then the amount due will be higher than that set forth in the "Notice of Allowance and Fee(s) Due" since there will be an increase in fees effective on October 1, 2003. See Revision of Patent Fees for Fiscal Year 2004; Final Rule, 68 Fed. Reg. 41532, 41533, 41534 (July 14, 2003).

The current fee schedule is accessible from (<http://www.uspto.gov/main/howtofees.htm>).

If the fee paid is the amount shown on the "Notice of Allowance and Fee(s) Due" but not the correct amount in view of the fee increase, a "Notice of Pay Balance of Issue Fee" will be mailed to applicant. In order to avoid processing delays associated with mailing of a "Notice of Pay Balance of Issue Fee," if the response to the Notice of Allowance is to be filed on or after October 1, 2003 (or mailed with a certificate of mailing on or after October 1, 2003), the issue fee paid should be the fee that is required at the time the fee is paid. If the issue fee was previously paid, and the response to the "Notice of Allowance and Fee(s) Due" includes a request to apply a previously-paid issue fee to the issue fee now due, then the difference between the issue fee amount at the time the response is filed and the previously-paid issue fee should be paid. See Manual of Patent Examining Procedure, Section 1308.01 (Eighth Edition, August 2001).

Effective October 1, 2003, 37 CFR 1.18 is amended by revising paragraphs (a) through (c) to read as set forth below.

Section 1.18 Patent post allowance (including issue) fees.

- (a) Issue fee for issuing each original or reissue patent, except a design or plant patent:
- | | |
|---------------------------------------|------------|
| By a small entity (Sec. 1.27(a))..... | \$665.00 |
| By other than a small entity..... | \$1,330.00 |
- (b) Issue fee for issuing a design patent:
- | | |
|---------------------------------------|----------|
| By a small entity (Sec. 1.27(a))..... | \$240.00 |
| By other than a small entity..... | \$480.00 |
- (c) Issue fee for issuing a plant patent:
- | | |
|---------------------------------------|----------|
| By a small entity (Sec. 1.27(a))..... | \$320.00 |
| By other than a small entity..... | \$640.00 |

Questions relating to issue and publication fee payments should be directed to the Customer Service Center of the Office of Patent Publication at (703) 305-8283.

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Kevin Godlewski and Christopher Glynn on November 24, 2003.

The application has been amended as follows:

Claim 31, penultimate line: "X = S or O; and" has been deleted.

Claim 31, last line: the comma after "R₃" has been deleted; "and R₅" has been deleted; --and-- has been inserted after "R₃".

Claim 47, line 2: "organometalliccompound" has been changed to --organometallic compound--.

31. (Currently Amended) The An organic light emitting device of claim 31 having an emissive layer comprising an organometallic compound, wherein the organometallic compound has the chemical structure represented by a formula selected from the group consisting of

Art Unit: 1774

The following changes to the drawings have been approved by the examiner and agreed upon by applicant:

In Fig. 6b (Replacement Sheet filed November 12, 2003), "X = CH₂, NH" needs to be changed to --X = CH, N--.

In order to avoid abandonment of the application, applicant must make these above agreed upon drawing changes, in addition to the changes required by the accompanying PTO-948.

The amendment received November 12, 2003 (Paper No. 14) has been entered, including the replacement sheets for Figures 5d, 6a, 6b, 6c and 8d.

The examiner's amendment to claim 31 deletes references to variables not contained in the formulae remaining in amended claim 31 as set forth in Paper No. 14.

The amendment to claim 47 corrects a typographical error introduced in Paper No. 14.

Claim 37 is rewritten as an independent claim because none of the compounds represented by the formulae set forth in claim 37 as amended in Paper No. 14 are within the scope of the compound required by claim 31 as amended in Paper No. 14.

With respect to the issues raised in the final rejection:

The rejection under 35 U.S.C. 112, first paragraph, is overcome in part by applicants' amendment and withdrawn in part in consideration of applicants' arguments in Paper No. 14.

C

Art Unit: 1774

The rejection under 35 U.S.C. 112, second paragraph, is overcome in part by applicants' amendment. The question raised regarding the definition of E is withdrawn in consideration of applicants' arguments in Paper No. 14.

Each of the rejections based on the published applications of Thompson et al., Igarashi et al., and Grushin et al. is overcome by applicants' amendment of the claims in Paper No. 14.

The obviousness-type double patenting rejection based on copending application 09/637,766 is overcome by applicants' amendment of the claims in Paper No. 14.

The obviousness-type double patenting rejection based on copending application 09/981,496 is overcome by applicants' amendment of the '496 application.

The obviousness-type double patenting rejection based on copending application 10/171,235 is withdrawn pursuant to MPEP 822.01.

With respect to the definition of R_1 - R_4 in claim 31 and the definition of R_1 - R_5 in claim 51, the examiner notes that at least one of these R variables per compound must be other than hydrogen in order to meet the requirement for at least one mono-anionic, bidentate, carbon-coordination ligand having at least one electron donating or electron withdrawing substituent.

Any inquiry concerning this communication should be directed to Marie R. Yamnitzky at telephone number (703) 308-4413. The examiner works a flexible schedule but can generally be reached at this number from 6:30 a.m. to 4:00 p.m. Monday, Tuesday, Thursday and Friday, and every other Wednesday from 6:30 a.m. to 3:00 p.m.
